step UP!
IN!
AND MAKE A
CHANGE

Dear Readers,

We are happy to share with you the call for participation in the [STEP H2020 Project contest!](#) **STEP Project** celebrates International Youth Day, August 12th and awards Youth e-participation and involvement! In that frame STEP invites young people across Europe to STEP up, express their opinion and co-define decisions at regional, national and EU level!

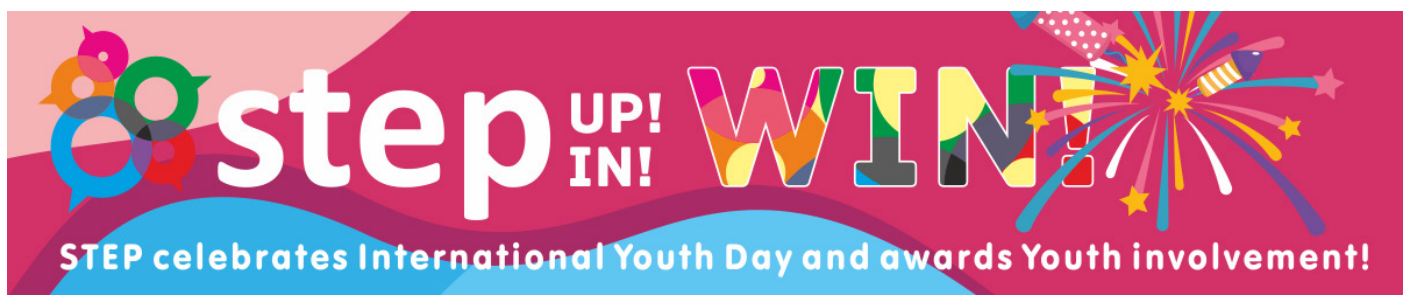

To that extent we would like to invite you to participate and promote the contest to your contacts and networks.

STEP contest is based on the UN 17 SDG's, and participants are asked to prioritize the 17 SD goals to their opinion. The results of this "public - dialogue" will be formatted to a report and communicated to a number of International organisations active in the thematic area of Sustainability.

We would like to thank you in advance for your participation and assistance to the matter.

Best Regards

The Step Project team
